Dear Canadian Radio-Television and Telecommunication Commission Review Board:

Re: Application 2011-0483-5

Please accept this letter as formal support on behalf of the CFTK-TV application (2011-0483-5). After reviewing the goals and objectives of the station, the Bulkley Valley Economic Development Association finds that the station will achieve these goals and objectives. CFTK-TV is relevant to the communities and clients it serves in the service area using a unique and practical method. I am happy to write a letter of support as this station is a cornerstone of the region and bolsters the communication between the communities which it serves.

The Bulkley Valley Economic Development Association would like to be informed about the station status on an ongoing basis..

Should you have any questions, you can contact me at 250-847-4355 or allanstroet@bveda.ca.

Sincerely,

Allan Stroet
Economic Development Officer
BVEDA
