Re: Astral Media -CFTK Terrace BC September 22nd, 2011

Dear CRTC:

This letter is to officially show our support for the Astral Media-CFTK Terrace. Without their dedicated staff and support for our community we would not be in the positive economic situation we are in today. Through direct contact with the staff from Radio to Television we utilize their services in a wide variety of capacities. National TV is important but equally or more important to that is community networks or talented and community minded people. We support the continuation of service from Astral-CFTK and rely on the continuation of their services.

Sincerely, Thankfully

Graham Genge
Executive Director
Kermodei Tourism
