Mr. John Traversy
Secretary General
Canadian Radio-television and
Telecommunications Commission
Ottawa, Ontario

Dear Mr. Traversy:

Subject: Wightman Telecom Ltd – Part I application requesting that the Commission finds that Rogers Wireless Home Phone Service is a local exchange service that Rogers should be offering as a CLEC

1. Nexicom Telecommunications Inc. is in receipt of a Part 1 application, dated 9 October 2013, by Wightman Telecom Ltd. (“Wightman”) requesting that the Commission find that Rogers Wireless Home Phone Service is a local exchange that Rogers should be offering as a CLEC.
2. Nexicom Telecommunications Inc. agrees with Wightman’s argument that the Commission should evaluate the regulatory status of Rogers’ service using the principles contained in *Regulatory framework for voice communication services using Internet Protocol* - Telecom Decision CRTC 2005-28, 12 May 2005. Nexicom Telecommunications Inc. also agrees with Wightman that based on the evidence it has presented, Rogers Wireless Home Phone meets the same general user requirement as circuit switched local exchange services and its therefore a local exchange service that Rogers should be offering as a CLEC.
3. Nexicom Telecommunications Inc. submits that the Commission should grant Wightman the relief it requests in its application.

Yours truly,

A handwritten signature in black ink that reads 'John E. Downs'.
