Mr. John Traversy
Secretary General
Canadian Radio-television and
Telecommunications Commission
Ottawa, Ontario
K1A 0N2

Dear Mr. Traversy:

Subject: Wightman Telecom Ltd – Part I application requesting that the Commission finds that Rogers Wireless Home Phone Service is a local exchange service that Rogers should be offering as a CLEC

1. Cochrane Telecom Services of the Town of Cochrane is in receipt of a Part 1 application, dated 9 October 2013, by Wightman Telecom Ltd. (“Wightman”) requesting that the Commission find that Rogers Wireless Home Phone Service is a local exchange that Rogers should be offering as a CLEC.
2. Cochrane Telecom Services of the Town of Cochrane agrees with Wightman’s argument that the Commission should evaluate the regulatory status of Rogers’ service using the principles contained in *Regulatory framework for voice communication services using Internet Protocol* - Telecom Decision CRTC 2005-28, 12 May 2005. Cochrane Telecom Services of the Town of Cochrane also agrees with Wightman that based on the evidence it has presented, Rogers Wireless Home Phone meets the same general user requirement as circuit switched local exchange services and its therefore a local exchange service that Rogers should be offering as a CLEC.
3. Cochrane Telecom Services of the Town of Cochrane submits that the Commission should grant Wightman the relief it requests in its application.

Yours truly,

Scott Mitchell, General Manager
