Re: CBC Licence Renewal – Application numbers: 2019-0280-0 and 2018-0282-5

Dear Mr. Doucet:

We are writing this letter in support of CBC's licence renewal.

CBC's proposal is a forward-looking approach that will form a bridge between traditional and digital broadcasting. It will position CBC to meet the challenges of the evolving broadcasting environment.

CBC has been a pillar of our Northern community since it's founding. For years it has helped bring together people in remote places across the North while keeping us connected to Southern Canada. CBC has also been a strong media partner to Folk On The Rocks in both the lead up to our annual festival and over the course of the festival weekend and is intrinsic to the fabric of our annual festival. We believe this combination of tradition and innovation will continue to be key in our community's communications.

For these reasons, we support CBC's licence renewal application [and request to appear at the hearing].

Sincerely,

Carly McFadden
Executive and Artistic Director
