* This limited plan's monthly fee is a bit less expensive in communities along the Mackenzie Valley Fibre Link.

** Most economical option; 3 year contract for limited use is compared with the "unlimited option", which is only available month-to-month.

° Estimated theoretical data volume when the access line is used at full speed for an entire month.

^ Cost per TByte for the hypothetical cases where clients use 100%, 25%, or 5% of their connection's capacity in a month.

Internet 250 and business plans include WiFi; consumers with all other plans must acquire and install their own WiFi access point, or pay \$4.95/month.
