FILED ELECTRONICALLY

Mr. Claude Doucet
Secretary General
Canadian Radio-television and
Telecommunications Commission
Ottawa, ON K1A 0N2

Dear Mr. Doucet:

Re: **Part 1 Application by Mitel Networks Corporation and Mitel Cloud Services Inc. for Directions to the Canadian Secure Token Governance Authority regarding STIR/SHAKEN, CRTC File No. 8638-M75-202008953**

1. Microsoft Corporation ("Microsoft"), RingCentral, Inc. ("RingCentral") and 8x8, Inc. ("8x8") are pleased to submit the attached joint intervention in the above-noted Part 1 Application filed by Mitel Networks Corporation and Mitel Cloud Services Inc. (collectively, "Mitel") with the Canadian Radio-television and Telecommunications Commission (the "Commission") on December 21, 2020 (the "Application").
2. Microsoft, RingCentral and 8x8 support Mitel's request that the Commission direct the Canadian Secure Token Governance Authority to enable all registered voice telecommunications service providers to implement STIR/SHAKEN by way of certificates to authenticate and verify IP-based voice calls obtained directly from a Canadian Certificate Authority.
3. If you have any questions regarding this filing, please contact the undersigned.

Yours truly,

Gunnar Halley
Assistant General Counsel
Microsoft Corporation

Brendan Kasper
Senior Counsel, Regulatory
8x8, Inc.

Rachel Petty
AVP & Associate General
Counsel
RingCentral, Inc.
