Dear Mr. Doucet,

Telecom Notice of Consultation CRTC 2022-65, Call for comments – Funding next-generation 9-1-1 access services through the National Contribution Fund (Public record: 1011-NOC2022-0065) – Intervention

Xplornet Communications Inc. ("Xplornet") is pleased to submit its intervention with respect to the above-noted notice of consultation, as amended.

Certain information contained in this intervention is being provided in confidence to the Commission. The information provided in confidence represents sensitive commercial information that is not publicly available and that is consistently treated as confidential by our company. If this information were released on the public record, it would provide Xplornet's competitors with important information about Xplornet's business and would prejudice Xplornet's competitive position, causing material financial harm. An abridged version of this intervention is provided for the public record.

Yours truly,

A handwritten signature in blue ink, appearing to read "Carl MacQuarrie".
